PREVENTION FIRST

Substance Use Prevention Professional Development

PREVENTION FIRST is a nonprofit organization

dedicated to preventing teen drug use before it starts. Since 1980, Prevention First has provided training, technical assistance and resource materials to thousands of schools, community groups, parents and youth. We specialize in building the capacity of practitioners to address local substance misuse by assessing needs and selecting and implementing evidence-based programs, curricula and strategies. We also develop and implement media and communication campaigns designed to educate the public on substance-related issues.

OUR MISSION

Prevention First advances efforts to promote healthy behaviors and prevent substance misuse in every community through a variety of evidence-based and collaborative approaches, including training, support, and public awareness.

OUR VISION

Prevention First is the leading organization for knowledgebuilding and the dissemination of evidence-based prevention strategies. We believe that evidence-based approaches are the most effective paths to building communities and proactively support health and well-being.

We are primarily funded by the Illinois Department of Human Services. Additional funding is provided by the Illinois Department of Corrections, the Illinois Department of Transportation, private foundations, and individual donations.

OUR PROFESSIONAL DEVELOPMENT SERVICES include a vast array of training programs, learning opportunities, technical assistance and electronic resources aimed to increase the knowledge, skills and abilities of prevention professionals to effectively plan, implement and evaluate appropriate evidence-based strategies to address local substance-related problems. Our training and technical assistance services are designed to specifically meet the needs of IDHS SUPR Substance Use Prevention Program providers as well as Drug-Free Communities and Partnerships for Success grantees in Illinois.

OUR PROFESSIONAL DEVELOPMENT RESOURCES include a wide variety of

electronic resources that provide timely information about substance misuse prevention best practices and trends as well as SUPP-related program guidance.

RESOURCES INCLUDE, BUT ARE NOT LIMITED TO:

- ► A **MODEL PROGRAM OVERVIEW** with links to all SUPP-approved Youth Prevention Education programs.
- PROFESSIONAL DEVELOPMENT RESOURCE GUIDES that provide general information and helpful resources, designed to provide timely guidance in lieu of available training.
- ► FACT SHEETS designed to inform the reader about a specific emerging drug trend or prevention concept, including strategies for infusing the information into prevention efforts.
- TIP SHEETS which provide tips and ideas to address specific problems or issues faced when implementing substance use prevention strategies. YOUTH PREVENTION EDUCATION MODEL
 PROGRAM TIP SHEETS offer guidance related to implementation, fidelity and adaptation of each SUPP-approved YPE program.
- Our VIRTUAL CLEARINGHOUSE provides links to relevant prevention-related resources that can be downloaded, and in some instances ordered in bulk for little/no cost.

OUR TRAINING includes interactive classroom, virtual classroom and online courses, live and recorded webinars, and networking events to build the capacity of prevention specialists. We conduct an annual assessment to determine whether any existing courses need to be modified or discontinued, and to identify new training needs. Our courses are developed by Instructional Design Specialists using evidence-based processes and innovative methods. To see our training schedule and register for courses, visit https://www.prevention.org.

OUR TECHNICAL ASSISTANCE, commonly referred to as consulting or coaching, is a oneon-one service that provides timely, flexible and targeted support to an organization. The goal of technical assistance is to overcome prevention-related challenges; apply training concepts and best practices to local conditions; and enhance the professional development of prevention staff. For more information about technical assistance or the services we offer, please contact <u>providerservices@prevention.org</u> or call 312-909-9768.

OUR PROFESSIONAL DEVELOPMENT TEAM is well-versed in prevention best practice and is passionate about building the capacity of practitioners to foster healthy youth, families and communities in Illinois.

OUR TRAINING AND TECHNICAL ASSISTANCE SPECIALISTS each have many years of experience in health promotion and prevention in Illinois. Meet our team:

Cher Hanson (SUP TTA Manager)

Tyra L. Coleman

Tyra L. Coleman joined our team in 2022. Tyra's areas of expertise include planning and implementing youth prevention education. She has over five years of experience managing and supervising several prevention grants. Tyra is passionate about preparing prevention professionals to facilitate evidence-based curricula while maintaining high student engagement. Tyra earned her B.S. from Chicago State University in Early Childhood Education.

Tamitra Griffin

Tamitra Griffin joined our team in May 2022. Her expertise includes managing youth development programs and planning and implementing youth prevention education and the strategic prevention framework. She utilized her love for Marketing and Advertising to implement school-based communication campaigns. She is passionate about assisting youth development professionals in providing impactful and resourceful programming. Tamitra earned a B.A. Marketing Communications and an M.A in Non-Profit Management.

Jessica Reed

Jessica joined our team in 2022. Jessica's areas of expertise include planning and implementing youth prevention education; leading a youth advisory committee; coordinating town hall meetings and Drug Take Back Days; and engaging stakeholders with data from the Illinois Youth Survey. She is passionate about empowering youth to become prevention leaders in their communities. She received the Distinguished Community Service Award from Elgin Police Department in 2020 and is certified in nonviolent crisis intervention. She is also a certified domestic violence professional in Illinois. Jessica received her Master of Public Health from Northern Illinois University in 2021.

Pamela Ziegler

Pam joined our team in 2017. Pam is a Certified Prevention Specialist. Her areas of expertise include coalition building; planning and implementing youth prevention education; coordinating town hall meetings and Drug Take Back Days; and school-based communication campaigns. She is passionate about assisting practitioners in planning ϑ implementing their communication campaigns, where her marketing degree comes in handy! Pam earned her B.S. from Eastern Illinois University in 1982.

CORE TRAININGS

Our core trainings are offered on a regular basis. See our website for our full listing of courses, including live and recorded webinars.

AOD EFffects and Trends

This online training provides general information about substance use disorder and the impact of substance use on the brain and adolescent development and introduces drug classifications and types. Participants will further explore the effects and trends of the most widely used substances by teens - alcohol, tobacco, marijuana, and prescription drugs. Participants will learn about the effects of each drug on the brain and body, signs and symptoms of use, and state and national rates and trends of use. Participants will obtain additional resources to learn more about ATOD effects and trends.

Action Planning for Successful Prevention Programs

This training will provide participants with the information, tools and templates to develop and implement a successful action plan, as well as an opportunity to practice and apply an action planning process. Action planning is a process during which specific and detailed steps are identified and carried through to achieve a particular goal or objective. It can be used to successfully plan for direct service programs such as Youth Prevention Education and Communication Campaigns, as well as other local prevention efforts such as IYS recruitment, hosting a town hall meeting, coalition-led efforts, etc. Participants should come prepared with a prevention strategy or effort for which they would like to develop an action plan.

Introduction to Illinois Youth Survey (IYS) Data

This online self-study course provides an overview of Illinois Youth Survey (IYS) data reports. Participants will become familiar with the contents and organization of school reports, evaluate the strengths and limitations of data, and learn a process for analyzing IYS data. Estimated completion time for this course is 90 minutes. *This course is a prerequisite for Analyzing and Sharing Illinois Youth Survey (IYS) Data*.

Analyzing and Sharing Illinois Youth Survey (IYS) Data

During this interactive virtual classroom training, participants will organize, analyze, and summarize local IYS data to identify concerns, priorities and outcomes. Participants will identify methods for displaying and packaging data and strategies for sharing and analyzing data with schools and stakeholders. Additionally, participants will identify ways to incorporate data into local prevention strategies. *The online course Introduction to Illinois Youth Survey (IYS) Data must be completed prior to registering for this course.*

Collaborating with Key Stakeholders

This online course will increase participants' knowledge and skills related to building relationships and collaborating with key community stakeholders. Participants will learn strategies for identifying and engaging key stakeholders, building relationships and getting stakeholders on board, and convening local coalitions.

Creating Community Change with Environmental Strategies

This online training provides an overview of environmental strategies and immerses participants in a scenario where they learn about the process of selecting environmental strategies that fit the community environment. Participants will learn what environmental strategies are and their benefits, which stakeholders to engage in the selection and implementation of environmental strategies, a process for identifying environmental strategies that match identified contributing factors and key components of building capacity for environmental strategies.

Effective Group Facilitation

The ability to lead groups is essential to a wide variety of positions within the prevention field. This twoday training builds basic facilitation skills of individuals working with youth and/or adult groups. By the end of the training, participants will understand the stages of group development and the major issues associated with them, as well as how to identify and use interventions that will influence group behavior. This is an interactive training that will incorporate theory into discussions, group interaction, role playing and practice, and applied learning.

Establishing and Leading a Youth Advisory Committee

In this one-day training, participants will learn how to establish and lead a youth advisory committee to support local substance abuse prevention efforts. Participants will learn best practices for engaging youth in advisory roles; how to establish an advisory committee structure; and strategies for recruitment and retention of youth advisors. Participants will also learn appropriate roles for youth committee members in substance abuse prevention activities.

Foundations of Youth Prevention Education

Foundations of Youth Prevention Education prepares direct service providers to implement evidencebased Youth Prevention Education (YPE) programs. Participants will obtain a basic understanding of the components and best practices related to implementing any YPE model program. This training will increase participants' knowledge and skills related to planning, managing, facilitating and evaluating a Youth Prevention Education program.

Illinois Introduction to Substance Use Prevention (IISUP) I: Welcome to Prevention (*New Worker Training)

IISUP I: Welcome to Prevention is a self-paced, online course which introduces participants to the prevention field. It provides an overview of the need for prevention services, prevention history, the evolution of prevention science and evidence-based prevention.

Illinois Introduction to Substance Use Prevention (IISUP) II: SUP System Orientation (*New Worker Training)

IISUP II: SUP System Orientation is a self-paced, online course that introduces Illinois Department of Human Services (IDHS) Substance Use Prevention Program (SUPP) providers to the Illinois Substance Use Prevention (SUP) system. The course includes an overview of IDHS, SUPR and SUPP; roles and responsibilities of SUPP providers; and grant, reporting and training requirements. Estimated completion time for the course is 1 hour.

Illinois Introduction to Substance Use Prevention (IISUP) III: A Framework for Prevention (*New Worker Training)

This one-day classroom-based training introduces Illinois Department of Human Services (IDHS) Substance Use Prevention Program (SUPP) providers to the prevention specialist's role in service delivery. Participants will be introduced to strategies for program planning, capacity-building, implementation and evaluation. Participants will also learn about their role in prevention, including an exploration of ethical issues related to their personal and professional conduct.

Introduction to Engaging Youth in Prevention

This online training will provide an overview of youth engagement and best practices for working with youth committees/councils. Participants will learn about the benefits of engaging youth, levels of youth participation, strategies for addressing barriers to youth engagement and best practices for youth/adult partnerships.

Planning for National Prevention Week

This online course was originally a webinar recorded on February 26, 2019. The content from that webinar has been updated and modified for an online format. During the course, participants will obtain information, tips and tools for planning for implementing activities for National Prevention Week. National Prevention Week is an annual health observance dedicated to increasing public awareness of, and action around mental and/or substance use disorders.

Promoting the Illinois Youth Survey (*Offered during IYS Administration Years)

This one-day training will build participants' knowledge and skills to promote the administration of the Illinois Youth Survey (IYS) to schools in their service area. Participants will learn strategies to promote the IYS to schools and obtain schools' commitment to administer the survey, as well as strategies for building relationships and overcoming barriers to participation. Participants will also become familiar with a recruitment plan template.

Overview of Strategic Planning

Overview of Strategic Planning is a self-paced, online course that provides participants with an overview of the purpose and process used to develop a comprehensive strategic substance abuse prevention plan. Participants will gain a better understanding of the role of the community coalition and the steps involved in developing a strategic plan.

Prevention Prescription and Over-the-Counter Drug Abuse Among Teens

Preventing Prescription and Over-the-Counter Drug Abuse Among Teens is an online course designed for substance abuse useprevention professionals who would like a better understanding of prescription drug and over-the-counter drug misuse among teens. During the course, participants will learn about the most commonly abused prescription drugs and over-the-counter medications, use rates and trends among U.S. and Illinois teens, factors that contribute to prescription drug abuse and effective prevention strategies and applicable resources.

Preventing Prescription and Opioid Drug Misuse

Preventing Prescription and Opioid Drug Misuse is an online course designed for substance abuse use prevention professionals who would like a better understanding of prescription drug and opioid misuse. During the course, participants will learn about the most commonly abused prescription drugs, including opioids, use rates and trends among U.S. and Illinois teens, factors that contribute to prescription drug and opioid misuse and effective prevention strategies and applicable resources.

Promote Your Prevention Efforts and Build Support

This course will provide you with tips for promoting your prevention efforts to increase awareness and support for prevention and the prevention services you provide your community.

Substance Use Prevention Supervisor Training Series

The SUP Supervisor Training is a series of three online courses designed for managers who supervise prevention staff and provide programmatic oversight of the IDHS SUPR grant. By taking the courses in this series, participants will identify critical skills of prevention specialists to consider in hiring decisions and apply a hiring process, identify strategies for providing effective supervision to staff, and identify strategies for providing initial and ongoing program support to prevention staff. The three courses in the series include:

MAKING THE RIGHT HIRING DECISION

This course is part of the SUP Supervisor Training Series and is designed for managers who supervise prevention staff and provide programmatic oversight of the IDHS SUPR grant. During this course, participants will identify critical skills to consider when hiring prevention specialists and apply a hiring process, including creating a job description, recruiting applicants, interviewing candidates, and making a candidate selection.

DEVELOPING EFFECTIVE SUPERVISORY SKILLS

This course is part of the SUP Supervisor Training Series and is designed for managers who supervise prevention staff and provide programmatic oversight of the IDHS SUPR grant. During this course, participants will identify qualities of effective supervisors and strategies for providing effective supervision to staff, including developing a flexible management style, building relationships, challenging staff to grow, providing ongoing engagement, and conducting formal performance evaluations. Supervisors will also learn strategies for balancing their workload.

PROVIDING PROGRAM SUPPORT TO YOUR PREVENTION STAFF

This course is part of the SUP Supervisor Training Series and is designed for managers who supervise prevention staff and provide programmatic oversight of the IDHS SUPR grant. During this course, participants will identify strategies for supporting prevention staff, including communicating expectations, supporting professional development, supporting program planning and implementation, and identifying available resources.

Too Good for Drugs High School Facilitator Training

This training will prepare facilitators to implement the Too Good for Drugs High School program successfully. The Too Good for Drugs High School program prepares students with the skills they need for academic, social, and life success. Participants will review the interactive games and activities that provide practical guidance on dating and relationships, building healthy friendships, and refusing negative peer influence. The training will also provide a review of lessons focused on the effects of ATOD use as well as prescription and OTC drug use and various nicotine delivery devices. The trainer will familiarize participants with the research, theory, and concepts behind the program and provide an opportunity for facilitation practice.

Too Good for Drugs Middle School Facilitator Training

TGFD is a school-based prevention program designed to reduce the risk factors and enhance the protective factors related to alcohol, tobacco, and other drug use among students. Participants will gain hands-on experience with the core curriculum while acquiring essential prevention education teaching strategies. The trainer will familiarize participants with the research, theory, and concepts behind the program and provide an opportunity for facilitation practice. This training is designed to prepare facilitators to implement the Too Good for Drugs (TGFD) Program successfully and with fidelity within a classroom setting. The Too Good for Drugs Program has a developmentally appropriate and separate curriculum for grades K-12; however, the focus of this training is SUPP-approved implementation for grades 6th through 8th ONLY.

TRAINING POLICIES

Prevention First reserves the right to make changes in the training personnel, date and/or location scheduled for any training session. Before registering for a course, review all of our training policies located on our training page at www.prevention.org.

REGISTRATION

Participants must register for and receive an email confirmation before attending any classroom-based training, virtual classroom training, or webinar via their user account at <u>www.prevention.org</u>. Registration will close two days before the scheduled training event for webinars and classroom training programs. Registration will close ten days before the virtual training event to prepare and ship participant materials. If enrollment reaches capacity, Prevention First will place new registrants on a waitlist and notify them if an opening is available.

Please use the following steps to cancel registration for a training participant who will not be able to attend

- 1. Go to www.prevention.org and log into your account.
- 2. Select the "My Training" tab.
- 3. Select the "Current" button and scroll down to see what upcoming trainings you are registered. Below each training title you will find training dates and a "Cancel My Registration" button. Select this, include the reason for cancelling, then "Complete Cancellation" button.
- 4. When you click on the "Complete Cancellation" button, a box will pop-up that says, "Your cancellation request has been sent." Prevention First will send you a confirmation email of your cancellation.

ATTENDANCE

To create an environment conducive to learning and to minimize distractions, all training events will start promptly at the time stated in the event confirmation. To receive a certificate of completion/CEUs for any training event (classroom-based, virtual classroom, or webinar), the participant must complete the course in its entirety.

If the participant cannot complete the course in its entirety, Prevention First reserves the right to deny entry or re-entry to any participant. A participant will NOT receive a certificate of completion or CEUs if s/he misses:

- Any 1 hour of content during a classroom-based training event
- ▶ More than 10 minutes during a webinar
- More than 20 minutes in a virtual classroom training

Participants must also complete the post-test to complete the course and receive credit/CEU's.

When attending a webinar and virtual classroom training, each participant must use their own viewing device. Screen sharing is not allowed.
