

## FY25 SUPP Training and Additional Requirements

SUPP staff have one year from their date of hire to complete all required trainings. To ensure staff have the knowledge and skills to best perform in their positions, it is recommended that they complete the required trainings as soon as possible. Once the training requirement has been met for a course, staff do not need to retake the course each fiscal year (staff must retain their training certificates for proof of attendance). **Please note: RSUPICS follow SRSUPS requirements.**
